

ECF Bug

There has been a bug reported in ECF. If a filing contains multiple documents to be viewed in the Notice of Electronic Filing, you may get prompted for the PACER login even if you did not view the document already. Enter your PACER password. Review your bill and make sure you do not get charged for viewing the documents. If you do get charged, please contact PACER to discuss the reason for erroneous charge. You can also call the ECF helpdesk and have an electronic copy e-mailed to you.

REMINDER: Please make sure you send on hard copy of any motion-related filing to the Judge hearing that motion.
